1. B) Koi Entry In Individual Tank

In view of the presence of KHV (Koi Herpes Virus) or other problems when Koi are mixed together, the show committee has resolved for the Koi to be entered in individual "tank basis", to prevent the interaction and mixing of Koi.

All competitors can bring in the various varieties and sizes of Koi, and keep their own Koi (or Koi from their own source or friend) in individual tank. Judging of Koi by judges for the respective sizes and categories of Koi, shall be carried out and compared for the respective Koi from all relevant tanks. This method has been practiced in other parts of the world, with the intention to control the spread of disease, if any.

1. C) Charges For Koi Entry

The charges for Koi entries shall be based on the number of tanks required, and not the number of Koi participated. However, competitors are not encouraged to over crowd their Koi in one tank to avoid problems due to overcrowding.

As regards the number of Koi per individual tank, we append below an example which was followed by other ZNA Societies around the world:-

Eg. 6 nos 60 BU Koi in a 4' x 8' x 1 ½ ft depth water tank
- Other sizes and numbers to be adjusted accordingly.

The charge for the usage of tanks for the period of Koi Show is as follows:-

i. 4 ft x 8 ft tank = RM 400.00 per tank

1. D) Competitor is to submit one application form only for each tank entry with the number of each variety / size indicated in the entry form. Should the competitor require more than one tank, they have to submit additional entry forms.
